ZEOLIGHT IPL, RADIO FREQUENCY & LASER TATTOO REMOVAL

IPL – HAIR REMOVAL

The ZEOLIGHT system uses the combined energy technology of Bi-Polar Radio Frequency (RF) with Intense Pulsed Light (IPL). This increases selectivity and allows for deeper dermal penetration, making the hair removal process quicker, safer and more effective even on blonde hair on both the face and body.

Prices from £20

IPL – SKIN REJUVENATION

ZEOLIGHT can rejuvenate the skin by boosting collagen and elastin production to tighten the skin and reduce pore size. It can also successfully treat a wide variety of skin conditions including:

- Facial Thread Veins and Spider Veins
- Rosacea
- Fine Lines, Crows Feet and loss of elasticity
- Pigmented lesions
- Sun damaged skin

Prices from £40 - **Buy 3 get 1 free**

*All IPL and Tattoo removal treatments require a consultation and patch test prior to 1st treatment.

RADIO FREQUENCY (RF)

ZEOLIGHT RF stimulates the fibroblast cells in the dermal layer to produce Collagen and Elastin resulting in tighter, firmer more youthful skin. This is an effective anti-ageing treatment for face and body.

30 mins 35

60 mins 57

ZEOLIGHT TATTOO REMOVAL

This advanced technology works by allowing the light produced by the laser to pass through the skin and break up the tattoo ink into tiny particles. The body then disposes of these fragments via its immune system.

Five reasons why you should choose

Zeolight Nd:YAG Q-Switched Laser Tattoo removal

1. The safest method for removing unwanted tattoos
2. Permanent fading of your tattoo from the first zap
3. Safe and effective on a broad range of skin tones
4. Highly targeted wavelengths to ensure very high safety
5. Works on all ink colours

Prices from £50 - **Buy 6 get 6 free**
